

**Kosher Certification of
Caustic Soda Solutions & Sodium Hypochlorite Solutions**

K. A. Steel Chemicals, Inc. products **Caustic Soda Solutions** and **Sodium Hypochlorite Solution** (all grades and strengths) are manufactured from inorganic salt, (sodium chloride), and water in processes that do not contain any chemical additives that are organic in nature, nor do they contain or come into contact with any animal fats, by-products, or other animal products. As such, these products:

- Are not required to have **Kosher Certification** for use in Kosher-related industries,
- Are not required to have **Halal Certification** for use in Halal-related industries,
- Will not contain any materials that have originated from animals born, raised, or slaughtered in countries where **Bovine Spongiform Encephalopathy (BSE)** or **Transmissible Spongiform Encephalopathy (TSE)** are known to exist.

Ernest B. Davidson

A handwritten signature in black ink, appearing to read 'E. Davidson', is written over a horizontal line.
